CA. Anoothi has been offered appointment as auditor of an NSE listed company. She has already ticked checkboxes relating to her independence vis-à-vis company and integrity of promoters and key management personnel. Being satisfied on this count and after sending formal engagement letter to the company, she is in midst of planning activities for company's audit. Owner of country's one of topmost writing instrument brands, above said company is in business of producing ball pens, gel pens, markers, folders and such general stationery products.

Business profile of the company including its brief history, detail of its key managerial persons and brief description of company's activities was obtained by her. She has also studied reports relating to growth of India's stationery market due to greater demand and impact of government driven schemes like Sarv Shiksha Abhiyaan (SSA). Besides, she has also obtained risk management policy of the company which contained company's strategy to contain various risks.

On perusal of financial statements of company, it is noticed that the company's inventories as at close of financial year stood at ₹ 200 crore which constitutes about 25% of its total assets. She is planning to identify significant audit risks pertaining to valuation of inventories.

She is also considering about materiality level for financial statements as a whole.

Keeping in view above, answer the following questions:

- Q.1 The auditor has obtained risk management policy of the company. Which of the following statements is most appropriate in this regard? 2**
- (a) The understanding of company's risk management policy is required by auditor. It may help the auditor in identifying risks of material misstatement that management failed to identify.
 - (b) The understanding of company's risk management policy is not required by auditor. It deals with business risks of company. Audit risk is not influenced by company's business risks.
 - (c) The understanding of company's risk management policy is required by auditor. However, it cannot help the auditor in identifying risks of material misstatement that management failed to identify.
 - (d) The understanding of company's risk management policy is sufficient for an auditor to develop an audit plan.
